

# Rugged Notebook PC - Professional

Order code: RNOTE-PRO+

- Rugged magnesium alloy construction
- MIL STD 810F casing
- Light and compact
- Splash-proof keyboard
- Removable ruggedised hard disk drive
- Wireless mobile communication technology

Introducing a Notebook PC that is up to much more than just office work. This light rugged Notebook is well up to the task of taking the knocks that inevitably come from time out in the field and in the industrial workplace - and when out and about its Intel® Centrino™ Mobile Technology and GPRS option keeps you in touch.

Here is a Notebook PC that offers much more than the standard high-street product!
